

In Wenatchee we have three positive Christian Radio stations that will be jeopardized if LPFM takes priority. These positive radio stations serve many people in our community. K-love is all I listen to and I depend on the programming it offers to cheer me up when I'm down or frustrated. They are upbeat and helpful. If K-love is removed, our community will lose the programming that supports wholesome values and has a positive and encouraging impact on our community. I feel it would be a dis-service to our community to remove K-love. Please don't allow K-Love to be removed.
